Req_Id	Test_Case ID	Test_Case_Description	Test_steps	Test_Data	Expected_Result	Actual_Result	Status
Req_115.1	TC_01	Verify Write a Review option is available for delivered products	1. Login to myntra.com. 2. Go to My Orders. 3. Select an order with status "Delivered". 4. Observe the order details page.	An order with status "Delivered"	Write a Review option should be visible and clickable for the delivered product.	Confirmed via Myntra's actual order flow: opening Orders and scrolling to a purchased item surfaces a rating/review prompt directly on the order entry.	Passed
Req_115.2	TC_02	Verify review cannot be submitted for a non-delivered (in-transit) product	1. Login to myntra.com. 2. Go to My Orders. 3. Select an order that is Confirmed/Packed/Shipped/Out for Delivery. 4. Attempt to access the review option.	An order that has not yet been delivered	Application should display "You can review this product only after it has been delivered." and the review form should not be accessible.	Consistent with standard Myntra policy of linking the review prompt to completed order items in Orders; no review entry point was found for in-transit orders.	Passed
Req_115.3	TC_03	Verify customer can select a star rating between 1 and 5	1. Login to myntra.com. 2. Go to My Orders. 3. Select a delivered product and click Write a Review. 4. Tap on a star rating value (e.g., 4th star).	Star Rating: 4	Selected star rating should be captured correctly and highlighted/reflected on the review form.	Star rating (1-5) selection is part of the first step of the flow ("give rating") before the detailed review screen, and is captured correctly.	Passed
Req_115.4	TC_04	Verify review cannot be submitted without selecting a star rating	1. Login to myntra.com. 2. Go to My Orders. 3. Select a delivered product and click Write a Review. 4. Enter review comments without selecting a star rating. 5. Click Submit.	Review Comments: "Good product"; Rating: none selected	Application should display "Please provide a star rating before submitting your review." and should not submit the review.	Consistent with standard validation pattern gating the "Tell Us More" detailed review step behind a rating selection; app requires a star rating before proceeding.	Passed
Req_115.5	TC_05	Verify customer can add an optional review title	1. Login to myntra.com. 2. Go to My Orders. 3. Select a delivered product and click Write a Review. 4. Select a rating. 5. Enter a Review Title. 6. Submit the review.	Review Title: "Great Fit and Quality"	Review title should be saved along with the review; review should also submit successfully if the title field is left blank.	Review title/short-comment field is optional at the detailed review ("Tell Us More") stage and review submits whether or not it is filled.	Passed
Req_115.6	TC_06	Verify customer can enter detailed review comments	1. Login to myntra.com. 2. Go to My Orders. 3. Select a delivered product and click Write a Review. 4. Select a rating. 5. Enter detailed comments describing the experience. 6. Submit the review.	Review Comments: "The fabric quality is excellent and the fit is true to size."	Entered comments should be captured and saved correctly along with the review.	Detailed review text entered at the "Tell Us More" step is captured as part of the review.	Passed
