

Test Scenarios - Product Review and Product Rating

Scenario ID	Scenario Name	Scenario Description	Preconditions	Expected Value/Outcome
TS_01	Verify Write a Review Option for Delivered Products	Validate that the customer should be able to open My Orders on Myntra, select a Delivered product, and see the Write a Review option	Customer is logged in to Myntra and has at least one order with status "Delivered"	Write a Review option is visible and clickable for the delivered product
TS_02	Verify Review Option Unavailable for Non-Delivered Products	Validate that the customer should not be able to submit a review for a product that is still in transit (Confirmed/Packed/Ship ped/Out for Delivery)	Customer has an order that has not yet been delivered	Application displays "You can review this product only after it has been delivered." and the review form is not accessible
TS_03	Verify Star Rating Selection (1 to 5 Stars)	Validate that the customer should select a star rating between 1 and 5 on the review page	Customer has opened the Write a Review page for a delivered product	Selected star rating (1-5) is captured correctly and reflected on the review form
TS_04	Verify Mandatory Star Rating Before Submission	Validate that the customer should not submit a review without selecting a star rating	Customer has opened the review page and entered comments but has not selected a rating	Application displays "Please provide a star rating before submitting your review." and does not submit the review
TS_05	Verify Optional Review Title Field	Validate that the customer should add an optional review title while submitting a review	Customer has selected a star rating on the review page	Review title is accepted and saved along with the review if entered; review submits successfully even if left blank
TS_06	Verify Review Comments Field	Validate that the customer should enter detailed review comments describing their experience	Customer has selected a star rating on the review page	Entered review comments are captured and saved correctly with the review
TS_07	Verify Optional Product Image Upload in Review	Validate that the customer should upload one or more product images to support their review	Customer is on the review submission page for a delivered product	Uploaded image(s) are attached to the review successfully; review can still be submitted without any image
TS_08	Verify Successful Review Submission	Validate that the customer can submit a review after providing a star rating and comments	Customer has provided a 5-star rating and written review comments for a delivered product	Review is saved successfully and the message "Thank you! Your review has been submitted successfully." is displayed
TS_09	Verify Review Displayed on Product Details Page	Validate that a submitted review appears on the Myntra product details page (after moderation, if applicable)	Customer has successfully submitted a review for a product	Review with rating, title, comments, and images (if any) is visible on the product details page
